Summary of purpose and/or changes: LB 122 offers an exception under the Boiler Inspection Act for unfired pressure vessels that meet the specified criteria as to allowable working pressure, stated nonflammable gases that are determined not to be a risk to the public, that are manufactured in accordance with the American Society of Mechanical Engineers standards and that are installed in accordance with the manufacturer's specifications.

Explanation of amendments, if any: The amendment redefines what qualifies as an unfired pressure vessel.

Senator Douglas Cunningham, Chairperson
